For viewing the BPA contracts, they are posted at www.esi.mil

Customers may order by contacting RWD directly or by ordering directly from the DON Umbrella BPA contracts at <http://www.itec-direct.navy.mil>

DFARS DIRECTIVES

DFARS Section 208.74 directs DoD software buyers and requiring officials to check the DoD ESI website for DoD inventory or an ESA before using another method of acquisition. These steps for the buyer are summarized from the DFARS:

- a) Check the Enterprise Agreement Summary Table to determine if software rights or maintenance have already been purchased and are available from DoD inventory. If they are available, purchase the designated software from DoD inventory and reimburse the SPM.

- b) b) If the required software rights or maintenance are not available from inventory or from an ESA, you may use an alternate method of acquisition, subject to laws and policy.
- c) c) If the required software rights or maintenance are not available from inventory but are available from an ESA, you must follow the procedure in the DFARS Section 208.74.
- d) d) If you must obtain the software or software maintenance outside the DoD ESA, you may seek a waiver from a management official designated by your DoD Component.
